

Army Substance Abuse Program (ASAP)

Unit Prevention Leader Certification Course:

Required 40-hour training for newly assigned unit prevention leaders. The course includes training on the drug testing program software, biochemical testing procedures, substance abuse prevention education, and program quality assurance.

Unit Prevention Leader Re-Certification Course:

8 hour training to bring UPLs up to date on the latest research, regulations and policy changes. All UPLs must attend every 6 months to keep certification current.

Unit Prevention Leader Meeting:

ASAP updates.

Alcohol and Drug Abuse Prevention Training:

A 3-day class primarily for individual who have had a recent alcohol or illegal drug related incident. This class is Army certified and will satisfy alcohol and drug education requirements imposed by civilian judges and Probation officers in most states.

Army Substance Abuse Presentations: (AR 600-85)

Alcohol and substance abuse training for one hour to assist units and directorates in meeting mandatory training requirements in accordance with AR 600-85. Training is offered twice a month. This is open to military personnel (4 hours required training), federal employees (3 hours required training).
